DIRECTOR OF CENTRAL INTELLIGENCE

Science and Technology Advisory Panel

PENS 3-SN

LOGGED

21 NOV 1985

STAP 0056-85
24 October 1985

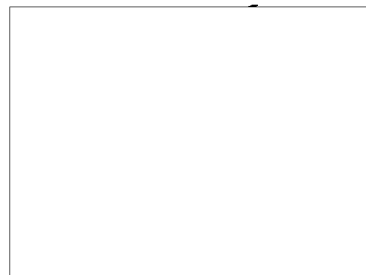

Mr. R. Evan Hineman
Deputy Director for Science and Technology
Central Intelligence Agency
Washington, DC 20505

Dear Ev:

Both personally and on behalf of STAP, I want to thank you for finding time to have lunch with the Panel during our meeting this week.

STAP has spent much time of late on analytical and DDI-related topics. I firmly believe, though, that there are positive contributions we can make to DS&T. Our recent "Small Systems R&D" report is one example of the kind of constructive effort I have in mind. Your remarks at lunch have given me some other ideas on where we might help out and I intend to follow up on them.

Again, let me thank you for your time. The Panel benefited from your willingness to sit down and talk about what is on your mind. The group as a whole now has a better perspective on DS&T and is looking forward to working more closely with you.
